Name: _____

Summertime Story Problems

Solve the summertime story problems.

There were 7 surfers and 3 swimmers in the water. 4 more surfers and 5 more swimmers went into the water. How many people are in the water now?

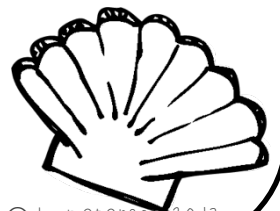

It takes 30 shovels of sand to fill up the bucket. If there are 18 shovels in the bucket now, how many more will it take to fill the bucket?

Some seahorses were swimming by the beach. 9 more seahorses came. Now there are 21 seahorses. How many seahorses came to the beach?

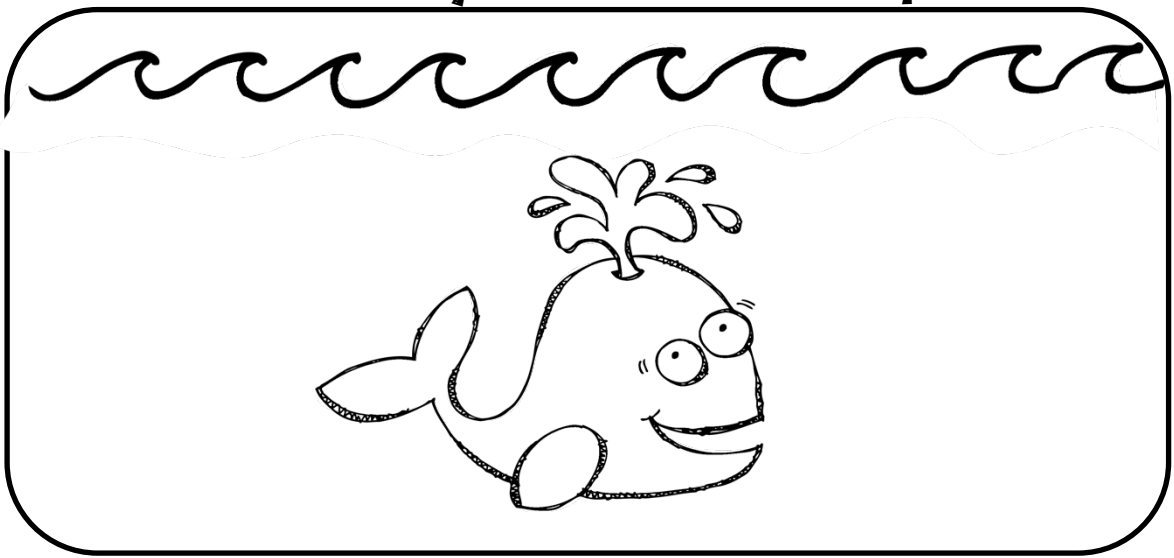

Michael found 8 blue seashells, 9 orange seashells, and 4 yellow seashells. How many seashells did Michael find?

Name: _____

Parent notes and certificates

this note explains the summer skills workbook to parents.

I included two certificates- one for completing the summer skills workbook, and one for completing the 1,000 minute reading challenge.

Dear Parent(s),

HAPPY SUMMER VACATION! While I hope that your child has a great break, I also want them to keep all of the skills they have learned this year at school sharp so they are ready for next year! To help them with this, I have put together a Summer Skills Workbook for them to practice and continue their learning this summer.

If your child brings their completed Summer Skills Workbook back to me during the first week of the new school year, they will receive a certificate and a prize!

Thank you for helping your child with their workbook, and have a fun and safe summer vacation!

congratulations

has completed the

Summer Skills Workbook!

Keep up the GREAT work!
